

What's New!

for the week of October 12, 2009

Sorry this is late, but I got bit by the cold/flu bug on Sunday—feeling a little better today. We only had one sew day scheduled this week and it was yesterday at Quilting Sisters—**sorry Jeanne, but I know you didn't want me there spreading my germs..**

Make a Difference Day is almost here and this unexpected down time has allowed me to get things organized. I hope you will enjoy the day as much as I have enjoyed putting it together.

Remember the theme for October is FISH. Turn in blankets depicting the theme during October and you will receive bonus blanket bucks. November is TOYS and December is SNOW.

Stabilizing Flannel: To help stabilize flannel, use a bit of spray starch or sizing as needed before cutting.
